VELCRO® Brand

Hook & Loop Fastening Solutions

THERE IS ONLY ONE®

VELCRO® Brand ONE-WRAP® Tapes

ONE-WRAP® tape and straps are a flexible and turnkey alternative to the plastic zip ties traditionally used by integrators, installers, managers, and data center designers. Durable, reusable ONE-WRAP® fasteners feature hook and loop laminated back to back without glue, so there's no chemical residue. When wrapped around itself, the hooks and loops engage for a secure, reliable fastener. They are also water and chemical resistant, eco-friendly and made without potentially toxic chemicals often found in plastic (like BPA).
